

SUN

PISCES, 0°36'56"

SIXTH HOUSE

The sun determines your ego, identity, and "role" in life. It's the core of who you are, and is the sign you're most likely to already know. Your Sun is in Pisces, meaning you are fundamentally dreamy, insightful, and in your own world. You exist on a chaotic plane of the divine that is not at all material. Your rich imagination endows you with a strong intuition for hidden emotional currents. When you take offense it is deeply, and you aren't necessarily interested in reconciliation. It's in your sixth house, meaning you feel the need to distinguish yourself from others through routines.

ASCENDANT

VIRGO, 12°16'49"

FIRST HOUSE

Your ascendant is the "mask" you present to people. It can be seen in your personal style and how you come off to people when you first meet. Some say it becomes less relevant as you get older. It changes every two hours, so if it doesn't make sense, text your mom to confirm your birth time. Your Ascendant is in Virgo, meaning you come across as precise, diligent, peace-seeking, and organized. You may seem a bit too attached to work, details, and the pursuit of perfection, which sometimes makes you seem a bit boring.

MOON

ARIES, 4°0'18"

SEVENTH HOUSE

The moon rules your emotions, moods, and feelings. This is likely the sign you most think of yourself as, since it reflects your personality when you're alone or deeply comfortable. Your Moon is in Aries, meaning your emotional self is independent, energetic, and enthusiastic. You have a tendency to feel inadequate and overcompensate just because failure is a

possibility. It's in your seventh house, meaning you find security and safety through close relationships and long-term partnerships.

MERCURY

AQUARIUS, 13°29'41"

SIXTH HOUSE

Mercury determines how you communicate, talk, think, and process information. It also indicates how you learn. It is the mind's planet. Your Mercury is in Aquarius, meaning your intellect is insightful, unconventional, and super meta. You have a rich imagination that allows you to think in a way that is abstracted from daily life. You enjoy intellectual banter, though you sometimes push your ideas on others. It's in your sixth house, meaning you are curious about and inclined to analyze your productivity, how to help people, and your emotional wellbeing.

VENUS

ARIES, 12°22'14"

EIGHTH HOUSE

Venus determines how and what you love. It indicates how you express affection and the qualities you're attracted to. Your Venus is in Aries, meaning your romantic side is enthusiastic, impulsive, and direct. You fall in love quickly, and out of love just as fast. You tend to be forthright and direct with your crushes—even if you haven't confessed, you make a lot of inside jokes, touch them a lot, and maintain eye contact. You alternate between seeming demanding and disinterested in the relationship. It's in your eighth house, meaning that for you, love is often expressed in darkness, taboos, rebirth, sex, and transformation.

MARS

SAGITTARIUS, 28°23'55"

FOURTH HOUSE

Mars is the planet of aggression. It determines how you assert yourself, take action, and the energy that surrounds you—particularly in your sex life, your ambitiousness, and when you're angry. Your Mars is in Sagittarius, meaning you assert yourself in a way that pushes boundaries, you easily become impatient and restless, and you push things forward with more vision than thoughtfulness. It's in your fourth house, meaning you put a lot of energy into your home and family.

JUPITER

ARIES, 26°32'52"

EIGHTH HOUSE

One of the two social planets, Jupiter rules idealism, optimism, and expansion. It's also very philosophical. Your Jupiter is in Aries, meaning you grow and find understanding through action, velocity, forthrightness, and independence. It's in your eighth house, meaning you find success through sexuality and transformation.

SATURN

CAPRICORN, 0°29'27"

FOURTH HOUSE

The other social planet, Saturn rules responsibility, restrictions, limits, boundaries, fears, and self-discipline. Your Saturn is in Capricorn, meaning you struggle with your sense of responsibility, ambition, conservatism, repressed emotions, and obsessions with money and power. It's in your fourth house, meaning you have had difficulties with your home and family.

URANUS

CAPRICORN, 0°11'49"

FOURTH HOUSE

Uranus stays in each sign for seven years, meaning it rules a generation more than a person. It rules innovation, rebellion, and progress. Your Uranus is in Capricorn, meaning other generations are shocked by your generation's sense of responsibility, seriousness, rationality, and hunger for power. It's in your fourth house, meaning that for you, this manifests in rebelling against dated expectations about the home and family.

NEPTUNE

CAPRICORN, 9°29'3"

FOURTH HOUSE

Neptune stays in each sign for around fourteen years, meaning it rules a generation more than a person. It rules dreams, imagination, and the unconscious. Your Neptune is in Capricorn, meaning your entire generation finds inspiration through hard work, responsibility, seriousness, and ambition. It's in your fourth house, meaning that for you, this manifests in your ideal—verging on unrealistic and impractical—about the home and family.

PLUTO

SCORPIO, 12°34'22"

THIRD HOUSE

Pluto stays in each sign for up to thirty years, meaning it rules a generation more than a person. It rules power, intensity, obsession, and control. Your Pluto is in Scorpio, meaning your generation's psyche is comparatively passionate, intense, serious, private, self-obsessed, and perceptive. It's in your third house, meaning you personally are transforming outdated knowledge and played out familiarity.
